

Golden Age Simulations Boeing Model IB74A “Super Stearman” for MSFS 2020
40th Anniversary Edition
20.00 USD

The Boeing IB75A Super Stearman is a high-performance version of the iconic Stearman Model 75 biplane, known for its distinctive design and role as a primary trainer aircraft during World War II. It's powered by a 450 horsepower Pratt & Whitney R-985 radial engine, giving it significantly more power and speed than the standard Model 75.

The IB75A is a popular choice for aerobatic flying and airshows due to its excellent handling characteristics and impressive maneuverability. It's also a favorite among aviation enthusiasts for its classic design and nostalgic appeal.

Fully native MSFS aircraft

- All models have been coded with Microsoft Flight Simulator native 'Model Behaviors' animations and built to MSFS SDK specifications to prevent issues with future simulator upgrades.
- Compatible with MSFS 2024 as a “Legacy” aircraft for use in Free Flight Mode Only
- Fully compliant with MSFS native materials, and high definition PBR textures.
- Modern aerodynamics system
- Persistent data archiving of aircraft’s systems wear and tear
- Custom recorded, high-definition Wwise sound package by SimAcoustics
- Custom installer with instructions

Cockpit

- 3D virtual cockpits featuring accurately modelled controls and detailed texturing using full PBR materials
- Aircraft Monitoring and Maintenance Panel interface supporting Pre-flight Inspection and systems monitoring
- Electronic Flight Bag “EFB” controlling aircraft systems and security features
- Fully operational front and rear cockpit positions.

3 Variants

- Tandem Cockpit - Default
- Single Cockpit - Racer
- Airshow Configuration with Wing Walker

Manual and paint kit

- Comprehensive Pilot’s Operating Handbook is included, along with a comprehensive paint kit

System Requirements:

- Microsoft Flight Simulator (i.e. the 2020 Standard, Deluxe or Premium Deluxe edition of Flight Simulator - **NOT FSX or any previous edition**)
- Processor: Intel i5-4460 / AMD Ryzen 3 1200 (Intel i5-8400 / AMD Ryzen 5 1500X recommended)
- RAM: 8GB (16GB recommended)
- Graphics card: NVIDIA GTX 770 / AMD Radeon RX 570 (NVIDIA 970 / AMD Radeon RX 590 recommended) or equivalent.
- Operating System: Windows 10/11
- Sound: Sound card, speakers, or headset

- Peripherals: Keyboard and mouse or compatible game controller (Xbox One Controller for Windows)
- 1.3 GB hard drive space

This add-on has NOT been tested with the Xbox edition of MSFS
Technical Support for Performance Issues in MSFS 2024 is not available
